

School Bond Vote May 19 To Provide More Classrooms

Corbin Outlines Need For Expansion At Kings Beach, Summit

In view of the increased enrollment, over and beyond what was expected, the governing board of the Tahoe Truckee Unified School District has unanimously approved the calling of a new bond issue election on May 19.

The issue will be for \$390,000, which will bring the district to its limit of bonding capacity.

John S. Corbin, district superintendent, explained that the purpose of the bond issue will be to build additional facilities at Kings Beach and Donner Summit.

"The enrollment growth at Kings Beach," Corbin said, "proves we were correct in building there first. However, later enrollment has grown to the extent that the school is now badly overcrowded."

"In June of 1958, we closed the Kings Beach school with 150 students. In September, when classes resumed, we had an enrollment of 297, a growth of almost 100 per cent. This was far more than we anticipated."

"At Kings Beach," He continued, "we are using the multipurpose room for a kindergarten classroom and we are educating the seventh grade there. Next year we will have to transport the sixth, seventh and eighth grades from Kings Beach to Tahoe City. This arrangement will be possible for one year, but if the

\$600,000 Motel To Be Built At Squaw

Plans to build a \$600,000 mountain lodge in Squaw Valley, were disclosed by Sacramento architect Bob McCabe.

He said the project will be handled by Glen A. Bethany, Sacramento developer. The structural engineers will be Arthur A. Sauer and Associates, also of Sacramento.

Plans call for construction to be completed by late fall so the lodge could be in operation before the winter Olympics next year. It would be located northwest of Squaw Lodge and southwest of Olympic Village on land leased from Wayne Poulsen.

The structure would have 39,600 square feet plus a 40 car parking garage at ground level. It would include a dining room, coffee shop, lounge, recreational room, game room, six shops, 80 guest rooms with bath and sun decks, and Olympic size swimming pool and three cocktail lounges including a Galaxy Room five floors above grade under an aluminum and glass fiber geodesic dome.

HISTORIC TRACTOR IS TO BE PARK DISPLAY

Donner Memorial State Park is acquiring a historic steam tractor as part of the logging operation display, according to Jack Stowe, local park supervisor of the Division of Beaches and Parks.

The machinery was used in the Loyalton area from about 1890 to 1922, weighs approximately 15 tons, is 25 feet long and 20 feet high. It was received from Sam Altes of Fallon, Nevada and will be brought here Friday with the assistance of William Flohr, equipment operator with the State Division of Beaches and Parks, formerly of this area now of Columbia Historical State Park.

HIGHWAY DETOUR TO PERMIT BRIDGE WORK

W. R. Green, resident engineer for the division of highways on the local freeway project, announced that a detour will be established just west of Truckee Tuesday and Wednesday next week between the hours of 8 a.m. and 5 p.m.

The detour is necessary as girders will be installed on the overpass of old Highway 40.

Vehicles will be detoured up the county road just east of the overpass project and rejoin the highway just west of McIvers on the old school road.

DeMOLAY DANCE TO BE HELD HERE MAY 2

The Tahoe Truckee Chapter of the DeMolay is sponsoring a benefit dance to be held Saturday, May 2 at the Masonic Hall in Truckee, according to Barry Leamon, the publicity chairman. Arrangements have been made for a live band and refreshments will be served.

A charge of \$1 will be made for either couples or stag. Doug Ball is chairman of the dance committee. Carl Terkildsen is master counselor of the group.

TAHOMA POSTOFFICE OPEN AT LAKE MAY 1

TAHOMA — The post office at Tahoma, Lake Tahoe, will reopen for the summer effective May 1. This was announced this week by acting postmaster Nina E. Slate.

Golfers Start Work Preparing Course South Of Truckee

"We're going to have a golf course in Truckee if we have to build it by hand."

This was the enthusiastic statement forthcoming from Mrs. Betty Kielhofer, chairman of the local recreational committee, currently making an intensive survey of the land provided by the Truckee Public Utility District south of the Truckee river and east of the short-cut.

A group of committee members is making a survey of the area, outlining boundaries and hopes to have the facilities in operation before the summer is over.

The committee is inspired by a letter received from Charles L. Harper, secretary of the Mt. Whitney Golf Club at Lone Pine, describing the methods employed there to provide a beautiful 9-hole course.

There, as proposed for Truckee, much of the equipment and manpower was donated or secured at a minimum cost. The cost there was estimated at \$30,000, whereas it usually costs about \$90,000 for a similar setup.

At Lone Pine a membership fee of \$25 per year has provided for upkeep and improvements and the money for the original work was loaned or donated, making the course possible.

Weekend volunteer labor kept the costs of building the course to a minimum and this same method is being considered by the local committee. Responsible businessmen signed a \$10,000 note to assist in the southern project and even this is being seriously considered locally.

At any rate, the committee here is enthusiastic and with suitable land available, all are optimistic that Truckee soon will have its long hoped-for golf course.

Truckee Youth Is High In Contest

Bob Williams, senior at Tahoe Truckee High School was given a plaque naming him as runner-up in the boys senior division of the Central Valley Science Fair held at Sacramento, April 6-11.

Bob's project was set up to experimentally determine the effect of cosmic radiation on the life span of fruit flies. Of two equal groups of flies, those shielded from cosmic radiation lived 52 days; those that were unshielded lived 19.5 days.

A strong magnetic field was used as shielding because of its deflecting action on the cosmic particles.

The startling results of the experiment cannot be considered conclusive at this time as only small numbers of flies were used. Further work would be necessary, not only on larger number of flies, but also other types of animals.

Other projects entered by the Tahoe Truckee High School included a mobile amateur radio station, by Carle Terkildsen, and an 80 meter transistor by Larry Rolison.

TWO INJURY MISHAPS REPORTED IN AREA

Despite the unusually heavy traffic in this area during the weekend, only two injury accidents were reported to the California Highway Patrol. Sergeant Frank Snyder said.

Miss Barbara Kammerer, 15, Kings Beach, suffered minor injuries when, a car driven by Robert Zigler, Jr., 16, hit a tree in Sunny-side tract at Lake Tahoe. Snyder said Zigler was cited for speeding. The accident occurred at 9:50 a.m. Saturday.

Gerald Douglas, 19, was injured Saturday morning shortly after midnight when a car driven by Robert Faulkner of Richmond was struck a mile and a half east of Truckee. Faulkner told the patrol a front wheel locked when he stepped on the brake.

DAUGHTER BORN

Mr. and Mrs. Mel Moore of Truckee welcomed a daughter April 21 at Tahoe Forest Hospital. The infant weighed 6 pounds, 6 ounces on arrival and has been given the names of Esther Jean.

Visits Mother—

Mrs. Adrea Oroz of Dayton, Nevada has recently visited her mother, Mrs. Steve Besio and Mr. and Mrs. Angelo Besio.

Schools Prepared For Open House During Next Week

Public Invited To Witness Work During Public Schools Week

Special programs in all schools of the Tahoe Truckee Unified District are being planned for next week, Superintendent John S. Corbin announced. The occasion is in observance of Public Schools Week.

The Kings Beach school will hold open house Tuesday, April 28, from 7 to 9 p.m.; Tahoe City, Wednesday, April 29, and the Truckee elementary and the high school will hold their programs Thursday, April 30.

The high school will be open for public inspection between 8 and 10 p.m. and the elementary school from 7 to 9 p.m.

Teachers will be on hand at all schools to explain the work and point out special features to the visitors.

At Kings Beach following the inspection, refreshments will be served in the all-purpose room from 7:30 p.m.

The Tahoe City faculty is preparing a novel event in the evening when the parents will be challenged by the pupils in a spelling bee covering counties and county seats of California. Other special programs are planned with many exhibits on display throughout the evening.

The Donner Trail School will hold open house three days from April 28 to 30 and parents are asked to call any time.

All parents and friends of the schools are asked to visit one or more schools during the week.

Rocking Stone To Have New Tower

At the suggestion of Supervisor H. G. Loehr, acting in behalf of the Truckee Donner Chamber of Commerce, efforts are being made by the board of supervisors to change the old Rocking Stone Tower from an unsightly hazard to an outstanding tourist attraction.

The tower is located adjoining the Veterans Memorial Building and will be near the new freeway. Purchasing Agent Clare Hughes is making a cost survey of the planned improvement and the amount required will be included in the next budget, Loehr reported.

It is currently proposed to remove the old, rotten structure and replace it with a steel canopy mounted on steel posts. A walkway and railing will be provided and a plaque installed to perpetuate the legend of the famous rocking stone.

Loehr said he was unable to estimate the cost but expects it to run between \$3,000 and \$5,000. Repair of the present structure would probably equal that amount and not be permanent, he said.

TRUCKEE BUILDING IS OBJECT OF CONFAB

A representative of the firm of Stone and Youngberg, financial advisors, from San Francisco spoke before a meeting of the board of supervisors Friday at the invitation of the county building committee, headed by Stanley Halls, relative to the proposed Truckee County building and additional court house offices at Nevada City.

The representative, Mr. Burnett, told the board the first step would be employment of a planning and architectural firm to determine plans and probable costs.

The board took no action since the matter must be taken up at budget time.

Winners at Golf—

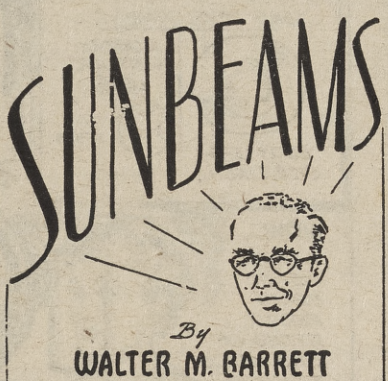

Mrs. Eva Besio and Lauren Russell, both of Truckee who played Sunday with the Lake Tahoe Golf Club group, were winners of the tournament at Grass Valley.

Transferred—

Charles Ed Smith who is with the U. S. Army, has recently been transferred from Colorado Springs to Ft. Carson, Colo.

Gordons at Meet—

Mr. and Mrs. Gail Gordon of Grass Valley were at a meeting held at Kings Beach Friday and visited in Truckee.

More than 100 volunteers, armed with paintbrushes and dressed in old clothes, are needed for a free breakfast at Smart's Saturday morning at 8 o'clock. If that was the whole story, there would probably be 500 at the breakfast, but the tale does not end there. Immediately after the hot cakes, bacon and coffee, the volunteers will adjourn to the alley in the rear of the main business block for a day's work. However, it will be rewarding work and well worth while and will prove to be a lot of fun. The cleanup committee did a terrific job, now it's up to the same people, and others, to finish the project with 200 gallons of paint.

Three people were bitten by dogs during the past week in Truckee. This is a startling fact, and we believe it's high time some action is taken to put a curb on dogs which are allowed to roam at will. We are advised that despite the fact rabies have been reported in the county, there is no ordinance to enforce immunization. The dogs which attacked the three people are under quarantine and there is little likelihood they are rabid, but while stray dogs are allowed to wander about, there is always a threat and it's time for action.

\$25,000 Home At Squaw Destroyed

The Squaw Valley home of Mr. and Mrs. Frank Burke was completely destroyed by fire Saturday.

The new dwelling, not yet complete, but furnished and occupied, was burned to the ground while the family was away. Mrs. Burke and their two children were out driving and Burke was in San Francisco on business.

When Mrs. Burke returned and found the home lost, she obtained an apartment at Tahoe City and drove back to the valley where she met her husband at the intersection of the highway at 2 a.m. to advise him of the disaster.

The loss was not immediately announced but was believed to be in excess of \$25,000.

PLANS MADE FOR BOX SOCIAL BY AUXILIARY

The Ladies Auxiliary of the Donner Lake Voluntary Fire Department held their regular meeting April 16 at Smart's.

Final plans were made for the box social and Donner Lake queen contest to be held May 1 at Tahoe Truckee High School.

Tickets were distributed this week to the participating service clubs and may be obtained free from them or from any member of the Donner Lake Firemen's Auxiliary and the queen contestants.

ESSAY CONTEST WILL CONCLUDE ON MAY 4

Truckee Elementary School students are reminded that the deadline for the safety essay contest is Monday, May 4. This leaves approximately ten days for them to complete and polish up their masterpieces.

This contest is being sponsored by the Truckee Elementary P.T.A. in conjunction with the Truckee Lions Club. Contestants are limited to students from the third through the sixth grades inclusive.

The contest rules state that essays must be limited to 300 words and be written on one side of the paper only. The contestant's name and grade are to appear on the back.

Winners from each grade will be notified by May 8th and will be asked to read their essays at the regular May meeting of the Truckee Elementary P.T.A. on May 11th. Mrs. Calvin Farley, the new president will present them with their prizes at that time. First prize winners will be awarded \$25.00; second prize winners, \$15.00.

Emerald Bay Span Again Gets Nod By State Officials

Narrow Margin Gives O.K. To Resolution For Improvement

SACRAMENTO — (CNS) — An assembly committee has voted 8-6 to go along with the plea of Sen. Swift Berry, Placerville, for an all-year highway around Emerald Bay, Lake Tahoe, featuring a low-level bridge across the mouth of the picturesque bay.

Berry's resolution calling for construction of the bridge and low route was up before the assembly transportation and commerce committee for the third time when it was approved.

Strong opposition has been presented at each hearing by the division of beaches and parks. The division said a bridge and low level route would "mutilate" two state parks in the area. The division called instead for reconstruction of the present route, including two tunnels of about 3,000 feet in length.

Cost of the low-level route and bridge would be something more than \$4 million, while the extensive high-level route would be upward of \$11 million.

The present route is closed several months each winter because of snow slides. The closures have spread into summer months during some seasons because of rock and mud slides. The division of highways said it is impossible to maintain the present route for the full year and men are not asked to work the area during dangerous times.

The resolution already has senate approval and faces only a vote by the whole assembly. Berry also is the author of a bill which would appropriate \$2 million for construction of the bridge.

Berry and residents of the Emerald Bay area who have supported the low route and bridge contended the two state parks now receiving little use and have been operated as "collector's items," due to inaccessibility because of the poor highway route.

\$400,000 OLYMPIC AID BILL PASSES SENATE

Congressman Harold T. Johnston, in a telegram from Washington, D. C., this week advised that the house on Thursday passed and sent to the senate a bill authorizing military construction, including \$400,000 for the assistance by military personnel in preparing facilities for the 1960 Olympic Winter Games at Squaw Valley.

WERNER, MEYERS ARE SILVER BELT VICTORS

SUGAR BOWL — Buddy Werner, America's top Olympic ski hope, won the Silver Belt trophy Sunday with 1:27.5 for the mile and a quarter giant slalom.

Pretty Linda Meyers of Mammoth, beat out eight of the country's best women skiers on the same course.

On a steep 42 gate slalom that dropped 1,200 feet, Werner peeled off the top cornice to whip in a sharp turn and swivel through a series of closed gates.

Almost 1,000 spectators, perched on the rocks and ridges, cheered as the lithe expert time and again came out of a difficult turn with a spectacular skating step.

Pete Klause won the men's senior giant slalom in 1:38 flat.

\$253,000 TO BE SPENT ON TAHOE HIGHWAY

The division of highways called for bids today on a project to resurface portions of State Sign Route 89 in El Dorado and Placer Counties, between 7.9 miles north of Tahoe Valley and 5.5 miles north of Tahoe City. The bids will be opened in Sacramento on May 20.

The project will consist of placing plant-mixed surfacing over the existing surfacing to improve the riding qualities and to increase the structural strength of the roadbed. Shoulder areas will be shaped to conform with the resurfacing.

A total of approximately \$253,000 is available in the current budget of the division of highways to accomplish this work.

Cat On Hot Roof Causes Damage In Local Substation

A cat on a hot tin roof cost the Sierra Pacific Power Company \$10,000 Monday morning.

The big brown cat, taking an early morning stroll about the facilities of the power company's substation in Truckee, wandered up a pole and dropped lightly upon the small tin roof housing the potent breaker switch which controls some 60,000 volts of electricity. In some unexplained manner one of the feline's paws contacted the switch and the other the tin roof and wow!

The entire complicated apparatus went up in smoke. The Truckee Volunteer Fire Department was called, and the resultant fire was confined to a small area. However, parts of the district were out of power for a couple of hours as workmen rushed to repair the damage.

The shock of the cat put Truckee power out of commission for only a brief time. The cost of repairs was estimated by Manager Frank Gaennie at \$10,000.

The cat did not survive.

Nine Candidates In Local Election

Interest is developing in the Truckee Public Utility District election scheduled for Tuesday, May 5 at which time four directors from a slate of nine candidates will be chosen.

The polls at the justice court will be open from 7 a.m. until 7 p.m. to give everyone in the district an opportunity to vote, Manager Daven Morey announced.

Only one of the present board, George Kaspien, is a hold-over, the president. Hal Welch, declining to be a candidate for reelection because of the stress of personal business.

The three incumbent members seeking reelection are Daniel J. Horman of Donner Lake; Dr. Ben R. King of Gateway Park and Jack Neugebauer.

Others in the race include Cecil Edmunds, retired manager of the district and head of the local utility since its inception in 1927. Edmunds declared that his continuing interests in the welfare of the district prompted him to seek a directorship.

Herman L. Owens, local electrical contractor; Lauren I. Russell, service station owner and operator; Charles F. Vind, Truckee building contractor; Jack Ellis, oil company distributor, and Raymond E. Harsten, plumbing contractor, are the other candidates.

MRS. GAFFIELD TO RETIRE FROM CLUB

Mrs. Maude Gaffield, who has been caretaker and general manager of the San Francisco Flycasting Club for the past 21 years, retired from the position April 15. Mrs. Gaffield recently had the misfortune to fall, injuring herself and has been a recent guest at the home of her son and daughter-in-law, Mr. and Mrs. Fred Perry of Tahoe Valley. She later plans to make her home in Truckee where she has many friends who are interested in her early recovery of health.

Mr. and Mrs. Harold Ashwell, formerly of Eureka have arrived to take the place vacated by Mrs. Gaffield. The newcomers are looking forward to living in the community. For the past 4 years they have been employed in a hospital in Humboldt County, have done catering in Eureka and were also at Hoberg's Lake County.

TWO LOCAL STUDENTS ON GRADUATION LIST

Nelda Marie Stone of Truckee and Gerald William Browne of Kings Beach are listed among the 136 candidates for graduation at Sierra College by Harold M. Weaver, district superintendent.

They will receive the degree as associate in arts at June 13 outdoor exercises on the college lawns in Auburn.

Nevada County has a total of 18 names on the list 17 coming from the Grass Valley-Nevada City area. The Auburn district supplies 46 names on the roster, Roseville and Loomis 9 each, Placerville and Lincoln 7 each.

Paintup Project Is Scheduled For 8 Saturday Morning

Volunteers Invited To Join For Free Breakfast Day of Work

The first step in the giant paintup program, sponsored by the Truckee Donner Chamber of Commerce, will be taken Saturday at 8 p.m. when more than 100 volunteers are expected to report to Smart's for breakfast and proceed to the alley back of the main business block for a day of decorating.

Final plans for the project were made at a meeting held at the high school Tuesday night when General Chairman Zeph Rose and Paintup Chairman W. M. Englehart, Jr. detailed the days activities.

Contractors, painters and volunteers—men, women and children of teenage—armed with spray gun, brushes and other painting equipment will descend upon the alley where the chamber has provided 200 gallons of paint. Sheds, porches, rear ends of buildings and miscellaneous structures will be given a coat of paint in one of the fastest times possible.

The walls will be washed down in advance by the fire trucks and scaffolding and ladders will be placed for the big job.

Between 11:30 a.m. and 1 p.m. the 20-30 Ettes will serve lunch at the fire station for the workers and volunteers will serve hot coffee throughout the working period to those on the job.

There will be no charge for either the breakfast or the lunch which is being financed by the various organizations taking part in the project.

The paint is being supplied at cost by the Builders Service Center and paints, sprays and other equipment are being loaned by contractors in the area, Englehart said.

Anyone capable of painting, running errands or otherwise assisting in the project, is urged to meet the group at Smart's between 8 and 9 a.m.

Lou Reel, area salesman for Pabco Division of Fibreboard was here this week assisting the local committee and Ned Fisher, color consultant and artist for the company will spend Friday and Saturday here aiding in the program.

Donations Made For Paintup Plan

Lee Apple, chairman of the finance committee for the Truckee Chamber of Commerce cleanup, paintup committee, this week announced that \$655 had been donated and pledged to finance the important program.

The money is needed for incidental costs, such as meals, paint, equipment and other items used by the volunteers in the work of redecorating the community.

The Chamber of Commerce topped the list with \$250, which the Truckee Volunteer Fire Department, the Lions Club, the Rotary Club and Truckee Outdoor Sportsmen each donated \$50. The 20-30 Ettes contributed \$5 and other organizations are expected to bring the total to a substantial sum.

DISTRICT DEPUTY IS HONORED BY LODGE

Lenore Vind, completed a very active and memorable year as District Deputy President of Rebekah Lodge, at her home lodge, Naomi Rebekah No. 2, Wednesday, April 22, 1959. District Deputy President Lenore, and her District Deputy Marshal, Laura Horman, were presented with a gift as a token of their successful year. All officers and district staff were in formal and the meeting will be long remembered.

Under new business, a committee was formed and plans were made for a food sale to be held on May 5, 1959.

HIGH SCHOOL GIRLS PLAN FASHION SHOW

The girls of the homemaking classes of Tahoe Truckee High School, grades 8 through 12 are having their Fifth Annual Fashion Show in the gymnasium of the high school, April 30 at 8:15 p.m.

The girls will model the clothes they have made in their classes this year. Refreshments will be served and everyone is invited, so come and see the "Champagne Fashions!"

FOUR DOGS HELD AS THREE PEOPLE BITTEN

Area Sanitation Richard Walker this week reported that four dogs are in isolation awaiting developments after they attacked and bit three people.

This is not the first time that action has been taken because of animal bites in this area and points up quite definitely the need for a dog ordinance in the county and particularly a rabies ordinance as requested by the state.

Mrs. Ruth Farrar was attacked and bitten by one of two dogs, while the child of Mrs. Neil of Hilltop and Charles Glenn were the other victims. The dogs will be quarantined for two weeks.

AFFAIRS OF STATE

Henry C. MacArthur

SACRAMENTO — (CNS) — The
opening wedge for another on-
slaught on the pocket-books of
California taxpayers will be heard
this week by the assembly educa-
tion committee, which is chair-
maned by Assemblywoman Dorothy
M. Donohoe (D-Bakersfield).

The bill is authored by Miss
Donohoe, an ex-school teacher,
whose tendencies to promote the
field of education, even to the ex-
tent of protecting the state depart-
ment of education from public
scrutiny, have been apparent since
her election to the legislature.

The measure is AB 1408, which
in effect, would make school dis-
tricts of California "baby-sitters",
at the cost of the taxpayers.

The bill provides, according to
the legislative counsel, that "any
school district may establish a
nursery school for children at least
three years old, but not old enough
for admission to other schools of
the district, under standards set by
the board of education." It also
permits use of federal funds and
district funds to finance the baby-
sitting establishments, but pro-
hibits additional state aid to the
districts for the nursery schools.

This prohibition, of course, is a
gimmick well known in education-
ist circles. First, get the project
started, and then slowly add to the
staff. Very soon, the available
funds are insufficient to maintain
the establishment, and back they
come to the legislature asking that
state aid be added.

Les Howe, director of state ac-
tivities of the California Taxpayers
Association characterized the at-
tempt to set up additional schools
as follows:

"It's the same old story of allow-
ing the camel's nose under the tent.
Allowing the school district to es-
tablish nursery schools is the first
step toward making them an in-
tegral part of the public school sys-
tem."

Introduction of bills of this type
in the legislature reveal poignantly
the utter unconcern of certain
types of people over the economic
situations of the people who pay
taxes. Certainly the state at the
moment would not include funds
for such schools in its budget. But
the money would be spent anyhow,
and come directly out of the dis-
trict taxpayers' pockets.

While there are a few "rich"

MOTORISTS URGED TO STOP ROAD KILLINGS

Californians are killing more
people in automobile accidents,
compared to last year, and "every
motorist must accept his responsi-
bility to drive safely and legally"
to prevent 1959 from becoming
the worst year ever for traffic
deaths.

So said Bradford M. Crittenden,
Commissioner of the California
Highway Patrol, in announcing that
the traffic death toll for the first
three months of the year more than
15 per cent higher than for the first
quarter of 1958. Preliminary fig-
ures show that 837 persons have
died in highway crashes this year
in California, compared to 724 a
year ago.

"The fact the death toll is also
up nationwide is little consol-
ation," Crittenden declared. "We
must stop the upward trend in
California, and it is most impor-
tant that every motorist constantly
use defensive driving techniques.
Each driver must expect the un-
expected and be prepared to take
necessary action to avoid conflict."
"The California Highway Patrol
will continue its vigorous enforce-
ment against accident causing vi-
olation. We are determined to curb
the illegal activities of motorists
who refuse to accept their respon-
sibilities to themselves and their
fellow drivers."

school districts in California, most
of them already are taxed to the
limit. And it is in the poorer dis-
tricts that school baby-sitters would
be needed, if they could be just-
ified at all, which is highly doubt-
ful. And even if the federal govern-
ment is offering aid to the districts
establishing such schools, it should
not be forgotten that federal aid
money also comes out of the taxes
paid by the people.

The nursery schools as pro-
posed would follow the child care
center pattern, which started off
as a war-time emergency, and since
has grown into a ten million dollar
a year drain on the state's educa-
tion takes nearly another ten mil-
lion dollars out of circulation.

If the nursery schools were es-
tablished, funds for construction of
buildings, payment of salaries, up-
keep and other charges, naturally
would follow.

If anyone ever doubted the
schools want the people "from the
cradle to the grave," AB 1408
should be sufficient evidence.

NORTH TAHOE

By JUDGE HARRY CHARRISON

WEATHER

The weather has been beautiful with just a little cool breeze, and flowers blooming all over the place.

UP FOR THE SUMMER

Tam and Audrey Harrison arrived during the last week and are happy to be here.

HERE FOR THE WEEKEND

Mrs. Lilleberg came with her mother who had just arrived from Illinois also her nephew and son-in-law, Jim Garrison. It is the intention of Mrs. Lilleberg to continue building of her house on Brassie Ave. which was cut short by the passing of her husband. Glad to know she is coming along so well.

STAY SHORT

Kenny Lavery was home for a 72-hour leave and of course his grandmother was here to greet him from Sacramento. They are surely two wonderful pals.

GOING BACK

Did you know we of this area enjoyed lots of advantages 12 or more years ago. There was a swell bowling alley at the Ta-Neva-Ho

Lodge, a theater open almost throughout the year, two shoe repair shops, also an upholstery shop and many other advantages. We certainly need them now.

BUSES

We noticed the Greyhound buses are driving over the short cut, hope they don't wear out our good road over there.

GETTING BETTER

Timmy Mizner has had a touch of the flu, but according to his dad, is coming along fine.

VISITORS

Nada and Ralph Tucker of Cupertino spent the weekend with the Andy Sorensons of Tahoe Vista.

GOOD DEED

Sunday, just heard today that our old friend, Louie Antillon did his good deed for the community by presenting not a new, but a good panel truck, to the Fire Department, just as an auxiliary truck to carry utilities on the trips with the fire trucks, good for you, Louie.

HOME

Glad to see Fred and Mrs. Main back in town.

CHIEF

Now, I hear that Wade Rouse who was with the forestry service for a year or two, is here to act

FISH SEASON WILL OPEN HERE MAY 16

The annual summer trout season will open May 16 in most of the state and May 16 in the counties of Plumas, Sierra, Nevada, Placer, Yuba, El Dorado, Alpine and part of Butte County.

A May 30 opener is set for Del Norte and Humboldt Counties, except for certain lagoons and lakes, and in portions of Trinity, Mendocino, Lake and Glenn Counties drained by the Mad and Eel Rivers.

Trout seasons end October 31. Trout limits will be 15 in Siskiyou, Modoc, Trinity, Shasta, Lassen, Tehama, Plumas, Sierra, Butte, and Nevada Counties. Other counties will have the new 10-fish limit.

Educational Group To Hold Benefit Buffet

KINGS BEACH—Saturday night April 25th, the Tahoe Truckee Educational Association is giving a benefit buffet dinner and dance at the Crystal Bay Club, Crystal Bay, Nevada.

The entire proceeds of this project will go to some worthy graduating senior from the Tahoe Truckee High School.

Harvey Price is the chairman of the buffet dinner and dance. The committee consists of Mrs. Lou Mills, Mrs. Dorothy Corbin, Mrs. Katherine Wing, Mrs. Nora Ferrarri, Mrs. June Hampton, Mrs.

as chief of the fire department. That is good news. Welcome, Wade.

WEEKEND TRIP

Mac and Thelma Burroughs made their usual journey up from Auburn.

HOME FOOD SALE

The home bake sale held by the Helpers Hand at the Shop and Shop, was a huge success, thanks to everyone.

Gladys Putynkowski, Mrs. Mrs. Alycemae Schultz and Rex Anderson.

NOTICE

We wish it known we have sold the business of Donner Lake Coffee Shop and that we are not responsible for any debts incurred by anyone using that name. We formerly operated the Donner Lake Coffee Shop, now the Donner Lake Appliances.

Dated April 15, 1959.

TAHOE TRUCKEE
SCHOOL NEWS

TRUCKEE ELEMENTARY

KINDERGARTEN: Darlene Dykstra, Beth Bodine, Maria Acosta and Anne Hackett cared for the setting hen this week.

We celebrated Nancy Rablin's sixth birthday this week.

SECOND GRADE: The second grade at Truckee have been working extra hard on beginning consonant sounds.

Best spellers numbered 22 this week: David Capel, Mary Lou Randall, David Goldsmith, Steve Kenyon, Elaine Barnes, Brian Smart, Steve Maynard, Tommy Richards, Claudia Rhodes, Anna Maria Collier, Monte Neugebauer, Michell DeLisle, Curt Wurst, Joe Merica, Terry Higgins, Elizabeth Richards, Curt Mulli, George Franceschini, Jeffery Jellin, Ryan Houlgate, Curtis Melugin, and Bruce Leamon got 100 per cent.

THIRD GRADE: We are especially proud of our students who received perfect scores on their spelling this week: Sandra Powers, Jennifer O'Bear, Diane Daly, Roger Swanson, Kenneth Brethauer, Michael Larsen, Robert Goldsmith, Judy Ingalls, Thomas Holleman, Michael Kydd and Barry Waters.

THIRD AND FOURTH GRADES: Star spellers for this week were: Rod Farley, Elgin Johnston, David Higgins, Henry Frates, Linda Russell, Karel Sauby, Jill Wurst, and Cheri Camola. The people who missed only one word were: Phillip Riden, Bill Rose, Nicky Kenyon, Jack Melugin, Len Vind, Kathy Braasch, Cathy Braley, Sue Olano, and Don Whitneck.

FOURTH GRADE: For the quarter ending April 17 the following pupils earned outstanding grades: Darlene Doolittle, Gail Englehart, Chris Foster, Mike Grayson, Beverly Holleman, Bruce King, Tim McLane, Marianne Moore, Craig Mullis, Dennis Richards, Terri Richards, Donna Smith, Garce Lynn Stewart, Ronnie Walker, Gary Waters, and Billy Waters.

Pupils showing the greatest improvement were Bruce King, Chris Foster, Billy Hobbs, Ronnie Walker, Billy Waters, Heidi Euer, Gary Waters, and Stephen Weiler.

During the week the detailed are entitled "Questions in the Quest."

"Have you no sense of decency?" Nathan put to David when the King's sin had been discovered. "Have you no sense of decency?" Van Gogh was asked by his ecclesiastical superiors when they found him living in grim and filth. "Have you no sense of decency?" Joseph Welch inquired of Senator McCarthy during a Senate investigation. Pastor Taylor will discuss the qualities of proper behavior in Sunday's sermon entitled: "A Sense of Decency."

map work done by Pat Merica was noted. Billy Sassarini and Bill Waters presented interesting articles in reading.

We were most happy to welcome Cam Houlgate and Jan Williams into the class.

With the mighty efforts of pitchers Terri Richards, Donna Smith: the foot power of Beverly Holleman; The speed of Gail Englehart, Marianne Moore, Karen Hedlund, Eileen Olson, Heidi Euer; and with Darlynn Ingalls and Sharon Petersen keeping everybody organized, the girls kickball team showed the boys (at least once) how to play kickball.

For the quarter, the following had perfect attendance: Johnny Hiatt, Billy Hobbs, Ronnie Walker and Bill Waters.

FIFTH GRADE: John Besio was elected class president and Monty Straub, vice president.

The sixth and fifth grade girls once again by popular demand staged another dual track meet. Speedy double winner Miss Brenda Blair and Glenda Stark paced their teammates to a 18-4 win over the fifth grade girls. Betty Saarni and Joyce Randall tried hard for the fifth. Miss Blair added more laurels to herself by whipping some of the school champions fifth grade sprinters in the boys division. Most observers believe Miss Blair is the fastest "Human" in the entire Truckee Elementary School.

Fierce competition between the fifth and sixth grade kickball teams has been evident after the first week of competition. The sixth grade holds a one game edge but, such fifth grade players as Doug Nelson, Larry Digesti, Monty Straub, John Besio and Mark Moore look very good.

KINGS BEACH SECOND GRADE: At Thursday night's P. T. A. Meeting, our class put on a spelling demonstration.

Thirty six out of thirty eight second graders received 100 per cent in Friday's spelling test.

Mrs. Robert Critchley has been the substitute room mother this week, while Mrs. Barker is away on a vacation. We want to thank Mrs. Critchley for distributing the T. T. E. A. Scholarship Dance tickets.

THIRD GRADE: Parent conferences and report cards have been the biggest news of the week.

We have just completed a unit on the post office.

SIXTH GRADE: We recently had a science test. It was about first-aid treatments.

We also had a social studies test. It was about the Maritime Provinces of Canada.

We sent in our orders for the Junior Scholastic Book sale. The order sin our class were from Art Waddell, Sharon NyBlom, Nancy Bevid and Jayne Shontz.

Boy Holley and Lisa Davis are in group three in reading now. There are nine people in this group now.

TAHOE LAKE The kindergarten class at Tahoe Lake School has organized a counting club. They call it the Twinkle Star Club. We have ten members who are as follows, Carl Ruhkala, David Thomson, Peggy White, Steven Cross, Katherine Mitchell, Yvonne Baker, Paul Corona, Julia Gehlert, Paula Henrikson, and Sherry Freeland. To belong to this club one must learn to count to 100 by ones and tens.

Catherine Van Wetter shared a big chocolate birthday cake with the group on Wednesday. Each child colored a picture for the birthday book presented to Catherine.

FIRST GRADE: Top scorers in arithmetic this week were: Mindy Bechdolt, Dorothy Pomin, Jimmy Kaastrup, Lisa Bechman, Peter Sutton, Leslie McBride, Mildred Norton, Sandra Smart, Mark Davis, Marvin Banta, Ricky Holley, Carl Larson, Sharon Christensen, Dan Dempsey, and Dick Michener.

SECOND GRADE: The second grade had a review evaluation of the last quarter just completed in the school year. It was decided that the greatest accomplishment in this period of time was learning how to study.

Vernice Bean and Cheryl Bechdolt tied for the highest average in spelling for the third quarter.

Speed demons for the week in second grade combinations were David Sumners, Tommy Handy, and

Cheryl Bechdolt. Steve Mitchell held high honors for one school month in arithmetic by carrying one hundred per cent in all four finals.

FOURTH GRADE: The following children received A's in the weekly 150 word spelling dictation: Chris

Beavers, Jimmy Bechdolt, Tad Hall, Dick Pomin, Paul Sullivan, Lynn Harper, Darlinda Stark and Georgianna Luffy. Tad Hall is our spelling champ for the week. Eighteen children in the class received

Of Concern To All

As there is much interest being shown in a proposal to re-activate the original Lake Tahoe Ski Club, a special meeting will be held for further discussion and everyone in the area, ski club member or not, is urged to attend.

The election of officers for the Squaw Valley-Lake Tahoe Ski Club which was scheduled for April 10 was postponed in as much as this group may be disbanded. So bring your pros and cons, or at least your interest to the Community Center, Tahoe City at 8 p.m. Friday April 24.

SOMETHING NEW HAS BEEN ADDED

Telephone Kimball 4-2176 and ask for Mr. Ed Hardy, our new branch manager. He is anxious to help you solve your heating, sheet metal and air conditioning problems.

To The Voters of
Truckee Public Utility District

As a candidate for the board of the Truckee Public Utility District, I would like to state my position on local issues in the order named.

- My Primary interest is to further develop the widespread use of power and water to its fullest extent, along with improving the service now being rendered.
- By concentrating on this, I feel industry may be encouraged to settle in our district, increasing business and bringing more work to local people. I believe the board members, as public servants, should consider promotion of industry a personal challenge.
- To consider every possible means of bringing recreation to our community, not only for the enjoyment of our adults and children, but to entice tourists to our business districts that are now being lost to other areas. We must have something to offer before extending an invitation.
- If elected, I will work in all directions, within the limit of my power as a board member, to further the progress of our community.

NEWS NOTES FROM TAHOE

NAOMI McLANE
Box 711, Tahoe City — JU 3-3187

Through my own oversight I did not write last week of the return of old Tahoeites who are as regular as Spring itself. Mr. and Mrs. C. E. Bosen are back again for the full season from their winter home in Temple City.

Mrs. Bosen has already taken up her interests and duties at the St. Nicholas Church as if she had never been gone.

Spring is not usually my favorite season here in the mountains but how can anyone be cross at her this year? Her capriciousness is completely hidden under the evident promise of summer's golden days.

Mr. and Mrs. Marshall Rukhala went down to Rocklin over the

weekend to attend the marriage of Marshall's nephew, Jack Rukhala, to Joan Amlin of Auburn. Many people here will know the young couple for Jack has worked summers for his uncle and he and his new bride have come up several times for skiing. The wedding was held Saturday noon in Loomis.

The home of Mrs. John Anderson in Tahoe Park will be the setting for a gay gathering of the Tahoe Squaws and their guests on April 26. Chairman Mrs. David McBride and her committee consisting of the Mesdames Charles Cross, Jr., Hal Farr, Oliver Henrikson, and John Anderson have chosen the Mad Hatter as theme for the card party. Prizes will be awarded for the most original, the most frivolous, and the most mad hats of all. This will surely be a spring tonic for the women who attend.

Mr. B. B. Barrett was up for a few days this week getting things ready for his family's return as soon as the children are out of school. The Barretts have spent the winter in San Francisco.

Our sick list is too long this week and I know that I have missed several as it is. However, Bob Wray, Mrs. Phil Howard, Mrs. John Starratt, Mrs. Gordon Moyer and Mrs. Bill Keehn have all had their bout with the influenza. I tried to enlist some sympathy for my own two-day illness and found that many others had been much worse. Pauline Keehn was hurried to the hospital Sunday night for suspected polio symptoms but luckily hers is just an extra bad flu. Mrs. Al Cavallo, as near neighbor, took over the care of the Keehn children during those anxious hours.

Friends here are saddened at the news of the death of Mr. William Dugdale at his Mountain View home on April 10th. Until two years ago the Dugdales had owned and operated Edward's Lodge in Tahoma. Mr. and Mrs. Howard Guth went down to attend the services for Mr. Dugdale.

In another place in the Sun you will read about the several awards and honorable mention the Women's Club of Tahoe won at the recent three day district convention held in Auburn. Five delegates attended this thirty club convalesce: President, Mrs. Ernest LePire, Mrs. Howard Guth, Mrs. Al Snyder, Mrs. Phil Geier and Mrs. James Martin. Mrs. Geier was elected to the nominating committee of the Sutter District, a two-year appointment.

Chris Burner announces a clean up day for the Commons for Saturday, May 2. All kids of all organiza-

DONNER SUMMIT NEWS

BY DONNA POWERS

NO COLUMN

Many of you who weekly read my notes on the folks who live on top of the hill were disappointed last week. For this I apologize. Not only did you miss me, but so did my students at school. I had a good case of flu and spent several days in bed. In my absence at the Donner Trail School Mrs. Sue Reams of Truckee filled in, but no one

tions are most cordially invited to come with their parents and any tools they can rustle up. Brang a picnic lunch and have fun as well as get a necessary job done. The steps put in last year by the Women's Club of Tahoe have added a great deal to the usefulness and beauty of the beach. Chris says that anyone who would like to have the lumber out of the old steps is most welcome to it. Just bring a truck on May 2 and many helping hands will help load it on. Otherwise it will be burned on the beach.

Friday night a most surprising and delightful thing happened to me. Under "innocent auspices" I thought I was going to dinner with two or three women but it turned out to be a dinner given by the officers and roommothers of the Tahoe Lake PTA. Those present who arranged the lovely affair at the Trade Winds in Kings Beach were Mrs. George Day, secretary; Mrs. David McBride, program chairman; Mrs. Charles Henrikson, historian; Mrs. Ernest Marie, treasurer; Mrs. Bob Jorgensen; room-mother co-ordinator; Mrs. John Anderson, hospitality chairman; Mrs. Richard Sprague, child care chairman; Mrs. Raymond Moe, baby sitter; and Mrs. Les Spitsen, Mrs. Bud Meixner, Mrs. Chris Burner and Mrs. Robert Stark, roommothers. It has been a real pleasure to work with these women and the officers who through illness could not be there and I shall value all my life both the lovely gifts I was given and the memories of this PTA year.

Friends will be happy to hear that Mrs. Charles Nielsen is doing well in the Washoe hospital in Reno and can begin to look forward to her return home.

Mrs. V. R. Michener took up duties this week as a new all year postal clerk at Tahoe City Post Office. Postmaster Oliver Corona will be announcing the summer change of mail deliveries in the near future.

END OF SEASON

All around we see signs of the coming of spring which means to the skiers the end of the winter sports season. The Soda Springs Ski Corporation closed its skier lifts after a very successful season. The Donner Ski Ranch has also closed its operation, for this year. The Sugar Bowl Ski area will end its ski season on April 26th.

UTILITY DISTRICT MEETS

Discussed at a recent meeting of the Donner Summit Public Utility District held in Donner Summit Hotel was again Ordinance number 9. This is the district's ruling on charging its water users for the service they receive. To delve deeper into the charges for the use of the water and their uniformity a committee was selected. This group consists of board members Max Williamson, Bill Cannon, Harry Pratt, and residents John Johansen, Ed Aro, Brad Board, Vince Lyddane has met and done a lot of work on the problem. Their findings will be reported to the public at the next regular meeting to be held on May 5th in the Donner Summit Lodge.

VACATIONERS

The San Francisco peninsula area is the sight of the three day weekend visit enjoyed by Mr. and Mrs. Vince Lyddane and their daughter Barbara.

SPRING PAINTING

Visitors to the Donner Summit Lodge will enjoy the efforts of the redecoration being done. The lovely Fireside Room has been done in pleasing shades of green. Upstairs all rooms are receiving a new coat of paint. Plans have been made for more work to be done in and around the lodge as part of the cleanup, paintup taking place before the world sees our area during the Winter Olympics.

School News

Continued from Page 4

perfect scores in the weekly spelling test.

FIFTH GRADE: This week we studied the review words covering the past twenty-seven weeks. The test was divided into four parts of twenty-five words each. The following pupils received one perfect score: Jeff Sutton, Tommy Rukhala, Warren Moyer, and Joyce Anderson. Two perfect scores were received by Jerry Jorgensen, Kristen Meixner, Cathy Connors, Jean Hallifax and Cheryl Flory. The following received three perfect scores: Judy Ingram, Greg Summers, and Jake Obexer. Prizes were awarded to the following pupils who received four perfect scores: Julianne Bechdolt, Jeff McLane and Karen McBride.

VOTE MAY 5th

If I am elected to the Truckee Public Utility District Board of Directors, I will do my best to see that the district operates efficiently and in the best interests of the whole community.

I am also interested in the development of a recreational area within the district that may be used and enjoyed by every family and which will be beneficial in promoting this community as a better vacation spot of which we can all be proud.

I have lived in Truckee for the past 11 years and own my home and business here and am very interested in the welfare of the district.

On the basis of the above, I earnestly solicit your vote at the district election May 5, 1959.

Lauren Russell
Candidate for Director, Truckee
Public Utility District

DEVELOPMENT OF THE BUSINESS

Comparative data for the use of electricity by residential customers in the county as a whole, as well as other communities are readily available and present a bright picture when placed beside the Truckee results. In Truckee the average consumption per residential customer is almost twice the national average. The average use has been growing in Truckee at a faster rate than for the nation.

TABLE 2

Average Number of Kilowatt National Hours Sold per Residential Average Customer:		Truckee
1956	2,969	5,425
1957	3,174	5,899
1958	3,377	6,349
Percentage Increase:		
1957 over 1956	6.90%	8.74%
1958 over 1957	6.40%	7.63%

Among publicly-owned utilities in California, Truckee's average sales per residential customer rank very high. A recently published list gives the following figures for ten such public bodies. Truckee's data have been added at the bottom of the list and appear to be the second highest in each year.

TABLE 3

	1956	1957	1958
Alameda Public Utility Department	2,238	2,295	2,379
Burbank Public Service Department	2,330	2,430	2,530
Glendale Public Service Department	2,136	2,232	2,400
Los Angeles Depart. of Water & Power	2,106	2,158	2,278
Modesto Irrigation District	3,919	3,855	3,525
Palo Alto Electric Department	2,506	2,538	2,804
Pasadena Municipal Utilities	2,224	2,353	2,395
Riverside Public Utilities Department	2,880	2,760	2,794
Sacramento Municipal Utility District	3,065	3,338	3,597
Turlock Irrigation District	7,605	7,941	8,400
Truckee Public Utility District	5,425	5,899	6,349

It is thus evident that the sales and pricing policies of the electric department have resulted in widespread use and enjoyment of electric service by residential customers in Truckee, and a growth of such use which may be considered outstanding for a utility and community of its size.

At the same time, the revenue per residential kilowatt hour sold has declined slightly in the county as a whole, and in Truckee, too, starting here at the lower level in 1956.

TABLE 4

	National Average	Truckee
1956	2.60c	2.28c
1957	2.56c	2.23c
1958	2.53c	2.16c

No data on familiar figures are available for the California publicly-owned utilities listed above.

The residential comparisons here given are very important, because, in Truckee, residential customers represent 70.48% of the total number, consume 45.72% of the electricity sold, and provide 40.27% of the revenue. The corresponding national percentages are 85%, 27.9% and 41.3%, respectively.

Why Olympia is brewed only at Tumwater

Since 1896, light Olympia Beer has been brewed at the little town of Tumwater, near Olympia, in Washington State. For it is here that Olympia's famed brewing water was discovered flowing cold and pure from deep artesian wells. At various times in the past, Olympia's founding family established other breweries along the Pacific Coast. Identical equipment and methods were employed. The same premium quality hops and grains were used. The best water supply available in each region was utilized. Yet, at none of these other locations was it possible to brew a beer of the character and quality which the name Olympia had come to represent. Without the one priceless ingredient—the naturally perfect brewing water—Olympia's refreshing favor could not be duplicated elsewhere. This is why Olympia Beer is brewed only at Tumwater—and why Olympia's good taste remains refreshingly different yet always just the same.

the one priceless ingredient

STRICTLY STRICKLAND

By Bill Strickland

Skiing as a sport, for sports, has according to the calendar, still quite a ways to go. But from the standpoint of participants the season is about over. One thing I've never been able to understand is the snow enthusiast determination to ski or else, during the winter months. Sub zero weather, blizzards, and crowds are no deterrent. But—when the weather starts to warm up, with bright sunny days and ideal spring skiing conditions the circumstances seem to reverse themselves. All of the facilities are still there, but very few users. It's a field day for those who know. The professionals look forward to spring skiing as the years best. Local people who haven't much opportunity during the crowded period, are out in force. Too bad the flatlanders aren't aware of this wonderful time of the year.

This has been quite a year of achievement for some of our young western racers. Gary McCoy of Mammoth Mountain is carving his niche. A second place in Jr. National Downhill Competition, first in Jr. National Slalom and a first in National Combined. Gary still has another year of jr. competition and will certainly be one of the west's best for several years to come.

Jim Heuga of Squaw Valley started everyone connected with organized skiing with his superlative exhibition of all around skiing ability. This sixteen year old jr. II competitor not only met the nations top senior competitors, he beat most of them. If by some fluke he should miss making the U. S. Olympic team next year, he and Gary should be the top two jr.

national champions. Jim still has two years of jr. competition in front of him. We think he'll be one of this nation's greatest.

Two former Soda Springs residents in women's skiing too. Starr Walton was last year's Jr. National Downhill and Combined Champion and Madeline "Smiley" Tschopp is this year's Jr. National Downhill Champion. Both were top candidates for Olympic team berths, and both will be outstanding competitors for quite a few years to come. They too have another year of junior racing to look forward to. We predict the top places for national dominance next year for the Far West Ski Association because of the aforementioned quartet.

As I said before, the ski season is about over. Last weekend's big finale on the race circuit was the Silver Belt, at the Sugar Bowl. Bud Werner maintained his winning ways by defeating an outstanding field. Charlie Ferries was second and young Gary McCoy and Jim Heuga in that order. Like I said, keep an eye on those two. They outskied some of the nation's best. Also watch Smiley in any competition. The only one to better her time was Linda Meyers of Mammoth. Linda is almost a lead pipe cinch to make the Olympic team.

In the Senior men's division Patsy Clausen edged out Joe Aukenthaler of Squaw Valley, by four seconds. Joe was followed by Wally Ronthlieb of Heavenly Valley. This year's national veterans champion! The senior division is for those thirty-two years of age or older. There's still lots of speed in some of our old boys yet.

Smiley Tschopp was voted Nevada's athlete of the month by the Sierra Nevada Sports Writers and Broadcasters Association. She is the second woman to receive that award in its five year history and the first skier on the distaff side.

Incidentally I'm a member in good standing of the above organization as well as a member of the California Winter Sports Writers Association; so if you have any items of interest for Nevada Publications

send them along to 140 Hillcrest drive, Reno.

Just about all of the resorts are closing shop as far as winter is concerned, but of course all will be shining in the sparkling snow and sunshine again next winter.

From here on in the big mountain top subjects will be the Olympic games, with the building program about seventy percent complete. Everything will be in readiness for 1960. It should be one of the greatest winter Olympics yet, and will be a pleasure to cover as one of the great sporting classics of all times.

The Far West Ski Instructors Association is holding its yearly candidate school for certification. This year's convention is at Mammoth Mountain. This organization is growing by leaps and bounds. Almost four hundred in attendance this year. At one of the first conventions way back when, I recall going through the paces with something like nine other candidates. The F.W.S.I. was the California Ski Association at that time. John Johansen, Edvi Aro, Jim Winthers, Biff Buckaloo and Roger Bonnet are there from Soda. We'll have more on the outcome later on.

TAHOE WEATHER

TAHOE CITY — Typical spring weather, with the temperature varying from a low of 25 to a high of 59, has prevailed at Tahoe City during the past week. No precipitation was recorded. The lake level Monday, with all gates closed, was 6227.72, subject to revision.

MRS. SIDNEY EHRLMAN HONORED AT BAY

TAHOE CITY — Mrs. Sidney Ehrman of San Francisco and summer resident of Meeks Bay was signally honored when she was awarded the highest civilian decoration in the 61 year history of Letterman Hospital, Col. A. L. Tynes commanding officer making the presentation of the Patriotic Civilian Service Award.

The ceremony was a private one and was given for her work with the hospital patients for the last 10 years, including countless good deeds from having some mothers flown across country to see their bedridden sons to making possible many special excursions.

Mrs. Ehrman preferred to give the credit for the accomplishments to Sam Harrison, a famed World War II disabled veteran who had acted as her go-between in her secret charity.

Mrs. Ehrman and her husband, Attorney Sidney Ehrman have long been prominent in San Francisco civic affairs.

INFANTRYMAN'S TOOL—The Army's new 7.62mm machine gun can be just as easily fired by a soldier from the hip or shoulder as he advances in the attack as from the ground mount. It will replace all the present models of the caliber .30 machine guns now in use.

MESSAGE FROM YOUR CONGRESSMAN

The Department of the Navy has just announced a list of principal and alternate candidates selected for the regular 1959 Naval Reserve Officers Training Corps. I am pleased there are boys from the Second Congressional District selected as candidates. They are Stephen A. Fausett, 786 Pine Street, Bishop named as principal; Michael Robert Cassida, 92 S. Palamone St., Sonoma, alternate.

This is a real honor as selections are made on a nation-wide basis. Some 50,000 compete of whom 2500 are selected for further consideration. Those who qualify in the final examinations — mentally and physically — will be granted a four-year scholarship to the college of their selection. After graduation they will be commissioned as ensigns in the regular Navy.

House Has Busy Session
 The first session of the 86th Congress has been very active to date.

As of the end of March the House had spent 120 hours on legislation. A total of 120 House bills

JOHNSON
 were passed, and sent to the Senate for further action. In addition to general bills there have been a number of special resolutions.

A tremendous number of bills have been introduced. On the House side, alone, at the end of March there were 6,788 measures on almost every subject conceivable.

Most of the actual legislating is done in the respective committees to which the bills were referred. Unless a measure is highly controversial a bill reported out by committee has a better than average chance to be approved when considered on the floor of the House.

A major problem for a congressman is to have his bills heard by the committee. Before a committee will proceed with hearings, reports from the department must be submitted. If the reports turn out to be adverse it makes it much more difficult for the author of the bill to obtain favorable committee action.

DEPARTMENT TO CRACK DOWN ON VIOLATORS

SACRAMENTO—(CNS)—California drivers have been served warning that the Department of Motor Vehicles will do less warning and more suspending of licenses.

Robert I. McCarthy, DMV director, said he expected 5,000 drivers licenses would be suspended during April — nearly half the total suspended during all of 1958. Motorists whose driving privileges will be suspended, of course, will be notified in advance.

McCarthy said suspensions for pleasure drivers will be a minimum of 10 days, with a five-day suspension for professional drivers. However, if the highway fatality rate continues to climb, the suspension terms will be lengthened, he warned.

The crack-down on law-breaking drivers will result from full use of a law which permits suspension of a license on a point system. Some driving offenses are classed as one-point convictions and others

as two. Any combination which results in four or more points during the past 12 months can bring a suspension.

Thus some drivers may be about to have their license suspended without even being aware of it. The two-point offenses include driving with a suspended or revoked license, various hit-run violations, drunk driving or reckless driving. All other violations, such as speeding, running stop signs or red lights, failure to yield right-of-way, or the like, are one-point violations.

In past operations, the department normally has called in a driver for a warning when he had violations totaling four points. However, under the get-tough program of the new director, the warnings will be replaced by the short suspensions.

TRUCKEE PUBLIC BOARD MEETINGS

Truckee Public Utility District Meets second and last Thursday of each month at 9:30 a.m. in the district's office.

Truckee Sanitary District Meets first Tuesday at 7:30 p.m. at Justice Court offices.

Tahoe-Truckee Unified School District Meets second Tuesday each month at 8 p.m. at the high school.

Tahoe Forest Hospital District Meets second Friday each month at 7 p.m. at the hospital.

Truckee Fire District Meets first Tuesday each month at 10 a.m.

Truckee Cemetery District Meets at call of Chairman W. M. Englehart, Sr.

SALE OF FISH PERMITS ARE REPORTED HIGH

Continued balmy weather is probably the principal factor in the steady increase of sport fishing license sales, the department of fish and game noted today.

Department figures show license sales were 70,798 ahead of last year at the same time and license stamp sales 63,877 in the van.

The figures, through March 31,

show 286,497 licenses sold, compared to 205,107 for last year at this time. The value of sales is \$824,600, compared to 1958's figure of \$615,613 for the comparable period.

Free licenses distributed to date according to provisions of a 1957 law, are as follows: 9,591 to needy old aged who qualify under the California old age security law; 634 to disabled veterans; 361 to blind persons; and 6 to Indians.

SCHOOL BOND VOTE

Continued from Page 1

Tahoe school continues growing at its present rate, within a year that school, too, will be overcrowded with the increased load from Kings Beach.

There is a possibility that if we experience the same type of growth this September as we did last, double sessions in the Kings Beach school will be the only solution.

The total assessed valuation of the district for the year 1958-59 was \$25,475,474, with a total bonding capacity of \$2,500,000. Bonds at the present time total \$2,111,000 and the requested amount required for the Kings Beach and Summit schools will bring the total to near the limit.

It was anticipated that the bond issue of 1957 would suffice for a number of years, but Corbin explained that costs have advanced to a point where the money did not reach as far as expected. The additional costs were required by the state laws and the board had no alternative but to comply.

As a matter of fact needed classrooms took precedent over a proposed auditorium and girls' gym.

In addition to Kings Beach, the slow but steady growth at Donner Summit has led the board to feel that facilities there are important at this time to provide for any future growth.

It is proposed to build seven classrooms at Kings Beach where four are needed immediately and the others to care for future enrollment growth.

In explaining the additional cost to taxpayers from the new bond issue, Corbin said:

"At the present time you are paying a total of 64 cents per hundred on bonds, with the exception of Kings Beach where they pay 69 cents on past bond issues. The new issue will cost on the average of 16 cents, making a total of 64 plus 16 or 80 cents, or 85 cents per hundred depending upon where you live. Based on average assessed homes in the area, at \$3500, this new bond issue would cost the average taxpayer \$5.60 per year more."

Corbin urged the voters to make a decision.

"The decision that has to be made is quite simple," he said. "Do we need additional money to build more classrooms and schools? The board has made its decision, but the final word rests with the voters of the district on May 19th."

SIERRA PACIFIC MAN HEADS LAKE GROUP

TAHOE CITY — Bernard E. Lowe, vice president of the Sierra Pacific Power Co., was elected president of the Lake Tahoe Area Council during its organizing meeting Friday at Harrah's Club at State Line.

The organizing session was the climax of 16 months of work toward forming an organization to guide and control the development of the Lake Tahoe area in an orderly manner. The Friday meeting followed a series of sessions at which the council's program was explained.

The council got a quick financial shot in the arm during the meeting as Bill Harrah, operator of the Lake Tahoe and Reno clubs bearing his name, pledged \$5,000. And Joseph F. McDonald, head of the Nevada-California Lake Tahoe Association, which has largely underwritten the groundwork of forming the council, promptly matched the \$5,000 from the Fleischmann Foundation funds which supports his association.

McDonald was named chairman of the board of trustees and Harrah was elected the other trustee.

After the organizing session the officers of the organization, including 16 directors, met to work on committee and membership affairs. About 80 persons were on hand for the organizing session.

RIVIERA SHOP WILL HOLD OPEN HOUSE

KINGS BEACH — John Palmer, operator of the Riviera Resort Clothes Shop at Kings Beach, Tahoe City, Meeks Bay and the Tahoe Tavern, this week announced the annual champagne opening of the local store will be held Saturday, April 25 and extends an invitation to everyone to attend.

The public is invited and champagne will be served between 11 a.m. and 4 p.m. formally opening the popular establishment for the 1959 season.

Palmer said that their stock this year is the best collection of clothing he has stocked in the past 10 years. This was made possible by the fact they spent the winter in markets and with painstaking endeavor came up with an outstanding assortment in a wide price range.

The stock comprises top-name brand bathing suits such as Westwood, White Stag, Cole of California, Maurice Handler, Mabs, Rose Marie Reid, Kahala of Honolulu, Takab, Catalina, Jantzen, Rudi Gernreich, Elisabeth Stewart.

The dresses and other garments will be modeled before the fireplace Saturday.

AT CONVENTION

Officials present for the convention of the Sutter District California Federation of Women's Clubs held last week at Auburn included Mrs. Fred Pedley of Truckee, district president; Mrs. Waldo Pate, Auburn club president; Mrs. Delbert Neigel of Cool, convention chairman.

JOIN IN THE BIG PAINTUP SATURDAY MORNING

It is for classes like the one above that the Nursery School parents are sponsoring their annual Spring Thaw Party at Donner Lake Lodge Saturday evening, April 25 at 9 p.m. The public is invited and urged to attend. The above class, with the three mothers, Mrs. Ken Hedlund, Mrs. John Hughes and Mrs. Lee Apple, has just completed a project of play horses shown proudly by the youngsters, Bill Apple, Lance Hedlund, Johnny Hughes, David Daly, Jacque Waller and Guy Souter.

PARK SUPERVISOR IS SPEAKER AT ROTARY

TAHOE CITY — John McKone, superintendent of the Tahoe State Park camp ground was guest speaker at the April 14 dinner meeting of Tahoe City Rotary Club at Tahoe Inn. After describing operations of the national park system, a color film he brought was run by member, Basil Kehoe. The film was mostly of the Emerald Bay area.

The meeting was attended by 33 members and three guests. Ernie LePire brought Henry (Hank) Aldrich of Lincoln and Tahoe, Jay Shontz had Jim Reynolds, local school principal as his guest and Basil Kehoe was entertaining Frank Vernon of Reno, Nevada.

Cliff Anderson was honored with the birthday song and paid the usual \$10 for his birthday cake.

Dave Gaylor, who spends the winter months in warmer climates, was welcomed home and elected president of the "Suntan Club." He contributed a handsome fee for the honor and will assess a similar fee against each returning "Suntaner."

President Martin Spitsen displayed the new chapter of Boy Scout Troop Number 27 which is sponsored by the club. Chris Burmer is scoutmaster.

GIRL SCOUTS DISCUSS TRIP TO COLORADO

The senior Girl Scout Roundup Patrol held their meeting at Reno April 17 to 19 where much of the time was spent designing and painting tents for the Colorado roundup, Miss Dorette Rose, correspondent, announced.

The Truckee girls are using the VIII Olympic Winter Games insignia which comprises three triangles, red, white and blue and five rings of the International Olympics. The Reno troop will display the Reno arch with Virginia Street in the background and the Yerington girls tents will show the western movement with a rider on a horse and a covered wagon. The girls from Hawthorne will show a sea serpent of Walker Lake, a fisherman and a prospector.

The girls discussed branding demonstrations, swap items, songs and creative writing.

Hawthorne Drops Contest To Locals

BY JOHN FIRPO

The visiting Hawthorne Serpents became the fourth conference victims of the upcoming Tahoe Wolverines by the score of 8-4, here last Saturday.

The win was the fifth victory for Coach Cal Farley against two defeats and put them in fourth place in the Northern Nevada Conference with a record of 4-2. Reno leads the loop with five wins and no defeats while Fallon and Sparks are tied for second with five and one apiece. The Mountain Men sent their ace strikeout king, Craig Robinson, to the hill. The right handed senior held the Serpents to 4 hits and 4 runs while striking out 14 men for his third victory against one loss. He now has struck out 78 men in 35 1/3 innings!

The first inning went scoreless for both teams and so did the top of the second for the visitors. But the bottom half of that frame saw the Wolverines start the scoring. Hawthorne pitching was a little wild to begin with and the Serpent hurler walked the first three batters to face him to load the bases. Craig Robinson, who was on third, scored when the third sacker overthrew the pitcher after the latter had attempted to pick off Robinson.

The visitors stormed right back to take the lead with three runs in their part of the third inning and make it 3-1, Hawthorne. The Mountain Men tied it up in the bottom of that stanza; after Ribal had grounded out, Buzz Trainor beat out an infield hit; Zanotti struck out; Robinson singled to advance Trainor to third base and Bob Ziegler walked to fill the bases. Marty Kumble then responded with a single to bat home Trainor and make it 3-2. Robinson stole third and then on the next pitch stole home on a close play to make the score 3-3.

In the fourth, the Serpents went down without any trouble but the Wolverines had other ideas about doing the same; Dave Decker singled, doubles by Trainor, Zanotti, and Robinson coupled with some loose fielding on the Nevadans part broke the game wide open and paved the way for a five run uprising to give the Truckee nine an indisputable 8-3 lead. Robinson yielded only one more run to the Hawthorne group in the fifth and then shut them out the last two frames to take the win, 8-4. Trainor and Robinson collected four of their teams seven hits to pace the Cardinal and Whites attack.

Next games for the locals is against Yerington tomorrow at Yerington and Carson City here Tuesday on the Truckee diamond. Contests will begin at 2:00 p.m.

Party Hostess

Mrs. Stanley Drakulich was hostess to her Friday evening card group, serving refreshments at the close of the games.

Those present included Mesdames Jack Ellis, Jurgen Vind, Curtis Mitchell, Lee Apple, Edward Frates.

SUGAR BOWL PLANS TO CLOSE APRIL 26TH

After a very successful weekend featuring the 17th Annual Silver Belt Trophy Race — the Sugar Bowl will remain open for another week and all facilities will be in full operation until closing date, April 26th.

The presence of Buddy Werner made this the best field for the Silver Belt in many years. Watching the race was a great thrill for the many spectators who lined the course.

Contrary to reports, the snow conditions at the Sugar Bowl are excellent. There are still 3 to 5 feet of snow all over the Sugar Bowl skiing area.

SOROPTIMISTS WILL ATTEND CONFERENCE

KINGS BEACH — Four members of Soroptimist Club of Lake Tahoe plan to attend the Southwestern Regional Conference April 24, 25, and 26, to be held in Sacramento.

Mrs. Grace Patton of Stockton, California, governor of southwestern region will preside. Evelyn Mandeville, president of the local club, together with Ruth Mizner and Edna Ferguson, delegates, are representatives. Other members planning to attend are Sophie Lebra and Margaret Olinghouse.

Mr. and Mrs. Clifford Anderson of Tahoma were Wednesday visitors at Sacramento.

Tarzan

by EDGAR RICE BURROUGHS

TARZAN'S PEACE VS CIVILIZATION'S DANGER...

THE STRANGER BRINGS A DIABOLICAL STORY TO THE PEACE OF TARZANLAND.

YOU SAY YOU'RE PROFESSOR PETER PLANDOME, DIRECTOR-GENERAL OF THE ACADEMY OF ADVANCE SCIENCES--A PLACE WHERE EVIL SCIENTISTS PLAN AND INVENT WEAPONS AGAINST CIVILIZATION...

..AND YOU SAY YOU MUST GET THAT PACKAGE TO WASHINGTON BECAUSE IT CONTAINS COPIES OF SECRET PLANS, LOCATIONS OF BASES, FORMULAE OF GERM AND GAS WEAPONS, FOR MASS-MURDERING CIVILIZATION?

BILL ELLIOT JOHN CEARNO

TRUE--AND MUCH MORE! I AM THE ONLY MAN, NOW, WHO CAN **SAVE** CIVILIZED MEN AND WOMEN--IF I GET THIS PACKAGE--AND MY KNOWLEDGE--TO WASHINGTON SCIENTISTS QUICKLY!

FOR 25 TERRIBLE YEARS I'VE LIVED AMONG EVIL SCIENTISTS, TO BE ABLE AT THE FINAL MOMENT--TO HELP DECENT MEN DEFEAT THEM! **THIS IS THE FINAL MOMENT!**

YOU'VE FOUND, HERE, ANCIENT GOLD--AN IMPORTANT ARCHAEOLOGICAL DISCOVERY. BUT...THE SCIENTISTS I HAVE FLEP **MAKE GOLD BY THE TONS!** GOLD THAT PASSES EVERY TEST FOR GOLD, EXCEPT THE SECRET TEST I POSSESS! AND I WILL TELL **HONEST** MEN HOW TO IDENTIFY SUCH DISHONEST GOLD--IF YOU HELP ME!

4-26-1468

YOU'VE MADE AN UNUSUAL DISCOVERY...AMAZING PEOPLE MUST HAVE LIVED HERE--PEOPLE OF THE GOLDEN RULE! HELP ME GET TO WASHINGTON! SCIENTISTS THERE KNOW OF ME. THEN YOU CAN RETURN HERE, AND LIVE IN PEACE--REAL PEACE!

FOR AN HOUR TARZAN LISTENED TO THE STRANGER, SKEPTICAL AT FIRST--THEN INCREASINGLY ALARMED.

...WHAT MORE CAN I TELL YOU? TO MAKE YOU UNDERSTAND THE DIABOLICAL PANGER CIVILIZED MEN FACE?

YOU HAVE TALKED CONVINCINGLY. IF WHAT YOU'VE TOLD ME IS THE **TRUTH**...THEN, I'D ALWAYS REGRET NOT HELPING YOU!

LEAVING THIS VOLCANIC CRATER, WILL BE DIFFICULT...BUT, I **WILL HELP YOU!** I WANT SOME TIME TO DISCUSS IT WITH THE BOY. HE WON'T LIKE **LEAVING** HERE!

NEXT SUNDAY: TARZAN PREPARES.
